

POWER End Cutter

230mm PC-1200 Spring

- For cutting or pulling protruding nails out from boards.
- Also for cutting tough material like piano wire.
- Hardened, long life handles.

For cutting metal projections on the surface

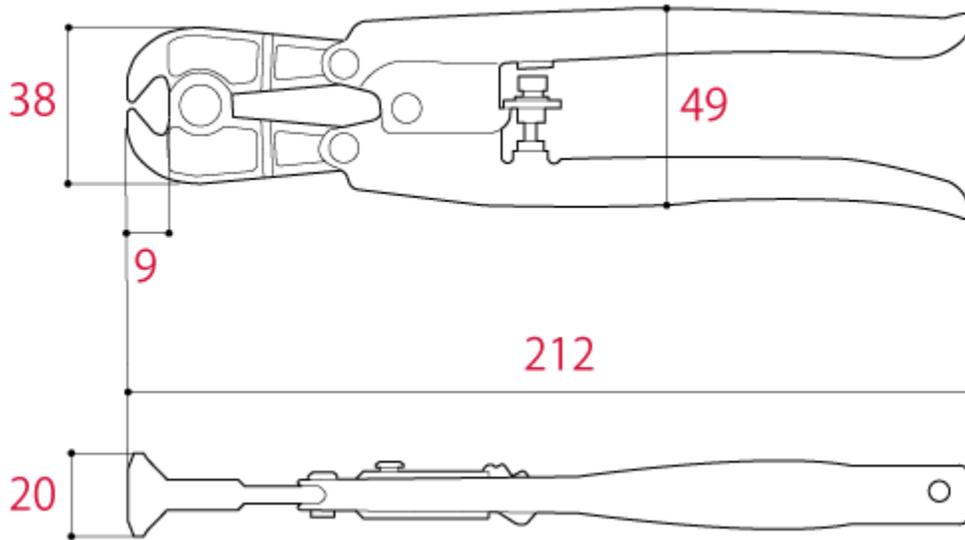

Screws

Using PC-1200 Power End Cutter, you can cut off screws with the surface of board. Please pay attention to the cutting capacity and material of the screw. PC-1200 requires only few load to cut $\phi 25\text{mm} \sim 32\text{mm}$ of iron screws.

Flat blade makes cutting surface smooth.

Specifications

- Material | Alloy steel
- Blade hardness [HRC] | 61 ~ 64

	Size[mm]					Weight [g]	EAN-code (4952269)
	Overall length	Head width	Head thickness (Edge width)	Handle width	Jaw depth
